

**Marshfield Clinic**

HEALTH SYSTEM

## **Marshfield Clinic Health System**

### **Employee Health (EH) Requirements**

As part of the new or rehire process for the Marshfield Clinic Health (MCHS) you will need documentation of Immune titers/vaccines for specific diseases and TB Testing. If you currently have any of these results from another facility please bring them with you to your scheduled New Hire Appointment. They will be evaluated during your pre-employment appointment with Employee Health and will determine if any further follow-up is required. This includes, but is not limited to those below. Other tests may be required based upon your specific job:

Measles, Mumps and Rubella vaccines & titers	Seasonal Influenza Vaccine
Varicella Zoster vaccines & titer	Tetanus, Diphtheria, Pertussis (Tdap) vaccine
Hepatitis B vaccines & titer	T-SPOT (TB)
COVID-19 vaccine	Drug Screen

Seasonal Influenza is a requirement for employment during MCHS influenza season is 9.1 through 3.31. EH will notify your Recruiter when all EH requirements have been completed.

Thank you
