Site 1 = Marshfield Medical Center

Comments: Ambulatory clinic – ½ day per week

**Definition of Rotations:**

Hospital: CCU, Consults, Heart failure, Wards	Inpatient Critical Care/Wards	9 months required	Counts toward requirement for 9 months non-laboratory experience
Cath	Diagnostic Cardiac Catheterization	4 months required	
Echo	Echocardiography	6 months required	Programmatic requirement for all trainees to achieve ACC Core Cardiovascular Training Statement (COCATS) Level III Counts toward requirement for 7 months multi-modality imaging (MMI)
EP	Electrophysiology	2 months required	
MR/CT	Cardiac MR/CT	1 month required	Counts toward requirement for 7 months MMI
NUC	Nuclear Cardiology	2 months required	Includes PET; counts toward requirement for 7 months MMI
Research	Research	5 months	
Elective	Based on career interest, trainees may select from any of the above cardiology rotations or an advance Echo rotation which concentrates on transesophageal echo and other special procedures		

**Fellowship Requirements**

Service	Length
Hospital: CCU/Ward/Consults	9 months
Cath	4 months
Echo	6 months
EP	2 months
MR/CT	1 month
Nuclear	2 months
Research	5 months

**Time Away**

- 3 weeks PTO, 1 week meetings
- Fellows are allowed time away during each academic year with program director and necessary program leadership approval
