

George E. Magnin Medical Library

Overview of Services

Mission Statement:

The mission of the George E. Magnin Medical Library is to promote the strategic plan of Marshfield Clinic Health System by providing evidence-based reference materials and services to all Medical Staff, employees, and visiting students in order to advance excellence in patient care, education, research and administration. Library services and collections focus on providing information where and when it is needed.

Services:

Literature Searching: Two reference librarians are available to assist in finding the best resources related to patient care, policy development, education, and more.

Book Purchases: Library staff can assist with textbook ordering for residents, physicians, and departments using travel/education funds.

Interlibrary Loan: We will try to obtain any materials we do not subscribe to or own for you from other libraries.

Copyright: We provide copyright consultation and permissions assistance.

Printing/Photocopying: These services are free of charge in the library.
