

# Marshfield Medical Center

## 2025-2026 PGY1 Pharmacy Residents

Marshfield Medical Center  
Marshfield, WI

### Song Kwon, PharmD

**Hometown:** Seoul, Republic of Korea

**College of Pharmacy:** UW-Madison School of Pharmacy

**Professional Interests:** Infectious disease

**Research Project:** Impact of Hospital-Based Fidaxomicin Use Criteria on *Clostridioides difficile* Recurrence

**Why I chose Marshfield Medical Center for residency training:** I chose Marshfield Medical center due to strong research background, largest pediatric hospital in central Wisconsin, and the location (rural Wisconsin).

**Hobbies:** Indoor activities

**Favorite Thing about Marshfield:** Going to Weber's Farm Dairy Store to get ice cream!

**Email:** [kwon.song@marshfieldclinic.org](mailto:kwon.song@marshfieldclinic.org)

### Julie Liu, PharmD

**Hometown:** Reno, NV

**College of Pharmacy:** Touro University California

**Professional Interests:** Women's health, neurology

**Research Project:** Promoting Reproductive Autonomy through Education on Emergency Contraception Access

**Why I chose Marshfield Medical Center for residency training:** I felt comfortable during the interview, and everyone was very genuine and supportive. Also, I've never visited the Midwest and thought it would be interesting.

**Hobbies:** Animal advocacy, art & history museums, trying new plant-based recipes, nature walks, movies about assassins, laser tag, historical fiction.

**Favorite Thing about Marshfield:** I love how warm and welcoming people are here! I also appreciate my co-residents- we're all very supportive of each other and have a lot of fun!

**Email:** [liu.julie@marshfieldclinic.org](mailto:liu.julie@marshfieldclinic.org)

## Madeline Mews, PharmD

**Hometown:** Marshfield, WI

**College of Pharmacy:** Drake University in Des Moines, IA

**Professional Interests:** Critical Care, Pediatrics

**Research Project:** Assessment of Pain Management in Solid Organ Injury and Long Bone Breaks in Pediatric Trauma Patients

**Why I chose Marshfield Medical Center for residency training:** Many reasons. I was born in the hospital and have been seeing doctors here my whole life, so I am very familiar with the passion and level of care offered. I was looking for a larger class size, so having 8 total (4 acute and 4 ambulatory focus) was a major pull. The options for electives aligned with my areas of interest as well. I also heard of the positive work culture, which I can confirm the support is real.

**Hobbies:** Thrifting, arts/crafts, listening to music, stargazing/Northern Lights viewing, spending time with my cat Goose/family/friends, reading.

**Favorite Thing about Marshfield:** The size of the town – small enough where you recognize people and can get across town in 10-15 minutes, but large enough to offer a variety of things to/get in town (plus we're located a short distance from other larger cities).

**Email:** [mews.madeline@marshfieldclinic.org](mailto:mews.madeline@marshfieldclinic.org)

## Tinh Nghi (Cindy) Ngo, PharmD

**Hometown:** Kansas City, MO

**College of Pharmacy:** Concordia University Wisconsin – School of Pharmacy

**Professional Interests:** I am still exploring, but I am interested in pediatrics and medication safety!

**Research Project:**

- Title: "Alert! Alert! Assessing Non-Clinically Relevant Drug Utilization Review Alerts Identified at Outpatient Pharmacies in a Rural Healthcare System"
- Identifying and assessing non-clinically relevant drug utilization review (DUR) alerts at outpatient pharmacies within the healthcare system

**Why I chose Marshfield Medical Center for residency training:** I initially applied to Marshfield Medical Center because of their children's hospital and medication safety opportunities. During my interview with Marshfield Medical Center, I appreciated everyone's personalities, great engagement, and willingness to support resident learning.

**Hobbies:** I love the creative arts! I enjoy making music and illustrating.

**Favorite Thing about Marshfield:** I love walking around Marshfield!

**Email:** [ngo.tinhnghi@marshfieldclinic.org](mailto:ngo.tinhnghi@marshfieldclinic.org)

## Shermety Nguyen PharmD

**Hometown:** Cherry Hill, NJ

**College of Pharmacy:** Ernest Mario School of Pharmacy-Rutgers

**Professional Interests:** Internal Medicine, Cardiology, Ambulatory Care

**Research Project:** Implementation of a Pharmacist-Led Oral Hormonal Contraceptive Prescribing Service in Outpatient Pharmacies Within a Health System: Perspectives of Patients, Pharmacists, and Physicians

**Why I chose Marshfield Medical Center for residency training:** I chose Marshfield Medical Center because I wanted to practice pharmacy in a progressive setting (vs the East Coast) and gain a variety of clinical experiences with strong support from preceptors and staff!

**Hobbies:** Dancing, thrifting, watching movies/tv shows

**Favorite Thing about Marshfield:** I love the thrift stores and Weber's Farm Dairy Store ice cream!

**Email:** [nguyen.shermety@marshfieldclinic.org](mailto:nguyen.shermety@marshfieldclinic.org)

## Justin Renaud, PharmD

**Hometown:** Chippewa Falls, WI

**College of Pharmacy:** UW-Madison School of Pharmacy

**Professional Interests:** Ambulatory Care, Oncology

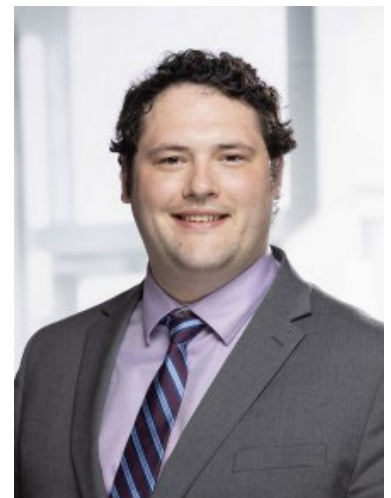

**Research Project:** Impact of a Pharmacist-led Medication Management Service for Chronic Obstructive Pulmonary Disease Patients in a Rural Health System

**Why I chose Marshfield Medical Center for residency training:** The opportunity to work with underserved populations in a rural health system while also being able to get a variety of experiences across different disciplines. I also love the leadership of the program and feel like I am valued as a team member.

**Hobbies:** Playing video games, fishing, reading fantasy books, playing guitar, listening to podcasts/watching YouTube/Twitch, and watching sports.

**Favorite Thing about Marshfield:** The people. I also like a lot of the food options in Marshfield and the surrounding area.

**Email:** [renaud.justin@marshfieldclinic.org](mailto:renaud.justin@marshfieldclinic.org)

## William Weisensel, PharmD

**Hometown:** Wautoma, WI

**College of Pharmacy:** University of Wisconsin - Madison School of Pharmacy

**Professional Interests:** Critical Care and Emergency Medicine

**Research Project:** Ketamine Use and Intracranial Management Outcomes in Adult Isolated Traumatic Brain Injury

**Why I chose Marshfield Medical Center for residency training:** I chose Marshfield because I enjoyed that on my rotations here as a pharmacy student the preceptors were all supportive to my learning and had a lot of passion for their work.

**Hobbies:** Hiking, Biking, Baking, Board Games, TCG's

**Favorite Thing about Marshfield:** Several Biking trails around town and close proximity to great places for a day trip.

**Email:** [weisensel.william@marshfieldclinic.org](mailto:weisensel.william@marshfieldclinic.org)

## Marshfield Clinic Health System 2025-2026 PGY2 Infectious Diseases Resident

### Eun Bin (Bean) Lee, PharmD

**Hometown:** Daegu, Korea

**College of Pharmacy:** University of North Carolina - Chapel Hill

**Professional Interests:** Infectious Diseases

**Research Project:** Optimizing First-Line Amoxicillin Use and Antibiotic Duration for Acute Sinusitis

**Why I chose Marshfield Medical Center for residency training:** I love how supportive the pharmacy team is. During my first year of residency in Marshfield, I always felt cared for and really listened to. I'm happy I get to stay here for my second year too.

**Hobbies:** Playing the piano, drawing, baking, watching Netflix/YouTube while curled up in bed.

**Favorite Thing about Marshfield:** The beautiful fall season and classic Midwestern kindness!

**Email:** [lee.eunbin@marshfieldclinic.org](mailto:lee.eunbin@marshfieldclinic.org)
