

Are you uninsured or have trouble paying for health care?

Flambeau Hospital cares about the physical, emotional, and financial health of the communities we serve. To help patients who may not have the ability to pay for care, Flambeau Hospital offers the **Community Care Financial Assistance Program**.

Eligibility considerations for financial assistance include: family size, federal poverty income guidelines and available assets. Financial assistance is granted based upon the patient's inability to pay and for individuals who are uninsured, underinsured or medically indigent. Financial assistance is not available for "non-medically necessary procedures."

To determine eligibility for **Flambeau Hospital's Community Care Financial Assistance**, interested individuals and families should complete the Flambeau Hospital Community Care Financial Assistance application. The application can be obtained by any of the options below:

- Website at: www.flambeauhospital.org
- Call the Flambeau Hospital Business Department at: 715-762-7540
- Visit Flambeau Hospital and request an application at any registration area

If you have any questions, please contact Flambeau Hospital Business Office at 715-762-7540.

"It is the policy of Flambeau Hospital to provide medically necessary health care services to people in the communities it serves, regardless of their ability to pay. We are committed to our mission of serving our communities by providing high quality health care for people of all ages, backgrounds, and socioeconomic positions."

—Jim Braun, Flambeau Hospital,
Chief Administrative and Financial Officer
