

How to find an in-network provider

1. Visit www.securityhealth.org/directory.
2. Select from four options:

 <p>I want to see if a doctor is in my plan or network.</p> <p>Get started</p>	 <p>I want a specific specialty.</p> <p>Get started</p>	 <p>I want a new doctor.</p> <p>Get started</p>	 <p>I want to search for a health care facility or medical equipment.</p> <p>Get started</p>
--	---	---	--

3. Enter your group or subscriber number from your ID card if you have it. Or, choose “**Employer coverage**” from the first drop-down menu (or “**Security Administrative Services**” if your employer is self-funded) and the plan name on your ID card.
4. Enter your preferred search criteria and click the “**Search**” button. Your results will only show providers in your network who meet those criteria.

Members of Security Health Plan have a fast, easy, secure way to manage their health care. It's called *My Security Health Plan*. Register today at www.securityhealth.org/LoginNow

my SecurityHealth PlanSM

There's an app for that!

Once you've registered online, you can download our app and have access to manage your health care plan on the go.
