

Marshfield Clinic Overview

Mission

(Why we are here)

We enrich lives

...to create healthy communities through accessible, affordable compassionate health care.

Vision

(What we aspire to be)

We will innovate and define the future of health care for generations.

...We will be the consumer's first choice for health care.

Marshfield Clinic is a national leader in delivering high quality, cost-effective care. It provides patient care, research and education with 60 locations in Wisconsin. It is an integrated, nonprofit, private group medical practice with about 750 physicians representing 86 medical specialties. The Clinic has about 6,800 employees, including more than 400 mid-level providers such as dentists, optometrists, podiatrists, nurse practitioners, physician assistants and physical therapists.

History

Marshfield Clinic was founded in 1916 by six physicians in Marshfield, Wisconsin, who pooled their medical expertise in one of the first group medical practices in the country. The Clinic became a system of care in 1976 and has grown to one of the largest integrated medical systems in the United States.

The Clinic will mark 100 years of demonstrated strength and commitment to its patients and communities in 2016.

The Clinic is a charitable corporation with all of its assets held in a charitable trust. In 1987, the Clinic was recognized as being exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and from Wisconsin income tax.

Patients served

More than 350,000 unique patients receive care annually. Marshfield Clinic had 3.8 million patient encounters in 2014. Patients come from every county in Wisconsin and nearly every state in the nation.

The Clinic's primary service area includes 30 Wisconsin counties and Gogebic County in Michigan. The secondary service area is the remainder of Wisconsin and Michigan's Upper Peninsula.

The Clinic has locations in the Wisconsin communities of Black River Falls, Bloomer, Cadott, Chetek, Chippewa Falls, Colby/Abbotsford, Cornell, Cumberland, Eagle River, Eau Claire, Greenwood, Hayward, Ladysmith, Lake Hallie, Marshfield, Medford, Menomonie, Mercer, Merrill, Minocqua, Mosinee, Neillsville, Park Falls, Phillips, Rhinelander, Rice Lake, Spooner, Stettin, Stevens Point, Stratford, Wausau, Weston, Wisconsin Rapids, Wittenberg and Woodruff.

..... Don't just live. Shine.

Marshfield Clinic Core Values

(How we treat patients,
communities and
one another)

Patient-centered:

We listen, serve and put the needs of the patient first.

Trust:

We earn trust through honesty, integrity, respect and compassion.

Teamwork:

We work together, respecting each other and our professional roles.

Excellence:

Through research, education and best practices, we deliver exceptional quality.

Affordability:

We are accountable as we manage resources and deliver value-based care.

- **Marshfield Clinic Research Foundation (MCRF)**, the largest private medical research foundation in Wisconsin, founded in 1959. More than 30 research scientists and 150 physicians are involved in more than 400 research projects. MCRF has centers in clinical research in multiple disease areas, agricultural health and safety, epidemiology, human genetics and biomedical informatics.
- **Marshfield Clinic Division of Education** is responsible for continuing medical education, corporate education, graduate medical education, medical library, patient education materials and student programs. Marshfield Clinic is an academic campus of the University of Wisconsin School of Medicine and Public Health and a host site for the Wisconsin Academy for Rural Medicine. Residency programs are offered in dermatology, general surgery, internal medicine, medicine/pediatrics, pediatrics, pharmacy and dentistry. Fellowships are available in palliative medicine and post-doctoral psychology.
- **Security Health Plan of Wisconsin, Inc.**, which serves 230,000 members in a 41-county service area of Wisconsin. Security Health Plan provides insured and self-funded plans to large and small employers, individuals and families. It is accredited by the National Committee for Quality Assurance.
- **Marshfield Labs** provides diagnostic human testing, forensic toxicology, veterinary medicine and reference laboratory services. Approximately 20 million test results are reported annually by the laboratory division.
- **Applied Sciences** helps move innovation out of the laboratory and into the mainstream of health care through its technology transfer program. Applied Sciences promotes the exchange of knowledge between patient care services and research programs by helping to determine commercial potential of inventions and advancements and assists in the patent process.
- **Lakeview Medical Center**, Rice Lake, which integrated with Marshfield Clinic in 2008. A new 40-bed hospital opened in early 2011. Marshfield Clinic jointly sponsors **Flambeau Hospital**, a 25-bed critical access hospital in Park Falls, with Ministry Health Care.
- **Family Health Center Dental Centers**, in partnership with Marshfield Clinic since 2002, provide dental services to rural Wisconsin communities. Family Health Center Dental Centers serve more than 40,000 residents from Wisconsin and the Upper Peninsula. Locations include Black River Falls, Chippewa Falls, Ladysmith, Marshfield, Medford, Neillsville, Park Falls, Rhinelander and Rice Lake.
