Cancer Care and Research

Providing hope for families
HOW YOU CAN MAKE A DIFFERENCE
A cancer diagnosis is overwhelming. Your support means the journey doesn't have to be.

Marshfield Clinic Health System is committed to compassionate, comprehensive cancer care for every patient. Cancer patients across central and northern Wisconsin visit Marshfield Clinic Cancer Centers each year to access world-class physicians and caretakers, state-of-the-art equipment, innovative treatments, support networks and comforting care spaces. Marshfield Clinic also brings preventive screening services to our patients with our mobile mammography and bone density units.

All of these things that set Marshfield Clinic cancer care apart are made possible through the generosity of people like you.

You can help grow important Marshfield Clinic cancer care programs, bring advanced treatments to our patients and provide support when and where it's needed most.

"I had the most advanced technology and care available, thanks to Marshfield Clinic Cancer Center. Everyone was so caring, like I was part of the family, I just want more people to have that feeling, too."

You can provide hope and healing to cancer patients through every step of their journey. These important services rely on your support to continue for our patients and their families.

**Diagnosis:**
- Mobile mammography and bone density screenings, bringing preventive care to rural Wisconsin areas.
- New and updated spaces, creating the most comfortable environment possible while patients await diagnosis and treatment.

**Treatment:**
- The new Cancer Care and Research Center, providing access to clinical trials so patients have the best chance of remission.
- State-of-the-art care and a healing environment at our Cancer Centers in Marshfield, Stevens Point and Eau Claire. Local cancer care funds also serve patients in Wausau/Weston, Rice Lake, Wisconsin Rapids and the Northwoods.
- Education and comfort items for patients and their families, including DVDs, iPads, art supplies and books.
- New technology and equipment, such as infusion and lift chairs designed to help patients in need of mobile assistance.
- Programs such as WINGS and the Shine on Boutique, providing wigs, hats, scarves and support.
- Oncology navigators, guiding patients through their cancer journey through integrated care.

**Other services:**
- The CLIMB (Children's Lives Include Moments of Bravery) Program, supporting children through an adult’s cancer diagnosis.
- Angel Funds to assist cancer patients in need and their families with basic, non-medical needs such as rent or mortgage payments, car repairs, groceries, utility bills and transportation to Clinic appointments so they can focus their resources on treatment.

Add your support to ensure that cancer patients in Wisconsin and beyond have the comfort, care and treatment they need.
Marshfield Clinic Health System Foundation enriches lives by shaping the future of patient care, research and education at Marshfield Clinic Health System through philanthropy. Since the 1970s, over $100 million in philanthropic support has been given to benefit Marshfield Clinic. Philanthropy at Marshfield Clinic Health System provides an opportunity for grateful patients to thank their care team, helps ensure our research and education programs remain strong and gives our providers the important resources they need to care for their patients.
