Director's Discourse

Welcome to the fall edition of *The Scope*.

The Scope is for all of you: residents and fellows, students and all learners of the Marshfield Clinic Health System. This publication highlights local events, areas of potential interest and most importantly, it showcases your fellow colleagues and friends in our learning programs.

In the spring of 2022, we received formal approval from the ACGME for our cardiovascular disease fellowship program. July 1, 2022 our first two fellows, Dr. Somto Nwaedozie and Dr. Deepa Soodi matriculated in the program. Dr. Param Sharma serves as the program director. Aimie Eckelberg has been serving as the interim program coordinator. The program has been off to a good start. It is a three-year program for which we hope to increase the complement size in the future. This continues our drive to expand Graduate Medical Education programming in our health system.

The COVID pandemic has slowed down significantly the summer. Hospitalization rates are much lower at this time. Hopefully we will not experience a pandemic surge this fall or winter. As we have safe and effective vaccines, I hope everybody obtains vaccination.

I would also like to remind you if you are having trouble adjusting to your new role or experiencing difficult circumstances, please feel free to contact the Resident Well-Being Committee (RWBC). It is a confidential resource.

Again, welcome to the Marshfield Clinic Health System, this will be a great year!

Well-Being Resources Offered to Residents/Fellows

Marshfield Clinic Health System's Resident Well-Being Committee was formed in 2004 to promote a healthy and humane clinical learning environment for our house staff. RWBC provides a confidential consultation service for residents, an annual retreat to promote wellness and making connections (yes, even during a pandemic), annual health surveys and a website full of useful, practical information to support resident well-being and success. Check out what RWBC offers at [this link](#).

ACGME Well-Being Tools and Resources

In February 2018, the ACGME launched a new, comprehensive [Tools and Resources page](#) for institutions, programs, residents/fellows and faculty members to support and promote well-being in the clinical learning environment.

The ACGME's Task Force on Physician Well-Being Tools and Resources Subcommittee created this collection of materials and other references for residents and faculty members as a resource for well-being and to help identify solutions that best meet local needs.

RWBC Committee Members:

- Jennifer Michels, Ph.D.
- Victoria Viegut, M.D.
- Rana Nasser, M.D.
- Rosemary Reriani, M.D.
- Athanasios Soskos, M.D.
- Mark Ridder, M.D.

Resident Retreat to be Held on September 22

The Resident Retreat will once again be returning to Rock Ridge Orchard for a day of wellness at a beautiful indoor and outdoor venue.

A few photos from last year's retreat...

Our full day retreat includes:

- Light breakfast treats
- Yoga and relaxation education
- Well-being stations - facilitated by RWBC faculty
- Keynote address by Dr. Alpa Shah and Scott Polenz
- Rock Ridge Orchard's famous homemade pizzas and caramel apples
- Resident skits
- Time to roam the orchard, relax and play
- Chief resident reflections
- Awards

For more questions about the retreat (or to learn more about what RWBC offers in general), please reach out to Dr. Jennifer Michels at michels.jennifer@marshfieldclinic.org or any of the other committee members.

The Best of Marshfield Survey is an annual measure of the best offerings in Marshfield and the surrounding areas. Developed by a Leadership Marshfield class in 2009, this project was designed to increase the awareness of local businesses with area residents and visitors. The public is encouraged to express their opinion by voting for their favorites in Marshfield.

The survey is conducted in April and results are typically announced in May at the Tourism Banquet. Winners in each category receive plaques and bragging rights for the year.

Marshfield Clinic Research Institute Enrolling Central, Northern Wisconsin Residents in All of Us Research Program

New Marshfield Clinic enrollment sites include:

- Mosinee Center, 390 Orbiting Drive: starting Thursday, Sept. 1 (weekly on Thursdays)
- Marshfield Medical Center-Weston, 3400 Ministry Parkway: starting Wednesday, Sept. 7 (Wednesday/Thursday/Fridays)
- Rhinelander Center, 2260 N Shore Drive: starting Tuesday, Sept. 13 (2nd and 4th Tuesdays of each month)
- Eagle River Center, 500 Commerce Loop: starting Monday, Sept. 19 (3rd Monday of each month)

The Health System has been enrolling participants full time in Marshfield since February 2018, Wausau since January 2019, and Chippewa Falls since April 2019. Part-time enrollment is also available in Minocqua, Neillsville, Wisconsin Rapids, Park Falls, and Eau Claire.

The mission of the *All of Us* Research Program is simple: to speed up health research discoveries by building one of the largest, most diverse databases of its kind. To do this, the program is asking at least one million participants who reflect the diversity of the United States to lead the way. Participants can choose to share electronic health records and FitBit data, complete online surveys, and provide blood or saliva samples. In return, participants will receive information about their ancestry and traits – and later this year, will learn genetic health information. By joining the program and sharing this information, participants are helping to advance individualized prevention, treatment, and care for all.

Prepare Your Patients for Flu Season

With influenza season right around the corner, Marshfield Clinic Health System patients should be reminded about the importance of getting their influenza vaccine.

It's as important as ever to receive the annual influenza vaccine and by October (or sooner), patients can receive theirs.

In the upcoming months, influenza materials and communication will be available to educate patients on the influenza vaccine. Please wait to order or post last year's influenza materials until finalized.

If you have questions, contact Karen Quella, clinical quality nurse specialist.
