Join us to enrich the lives of cancer patients at our 10th Annual *Pretty In Pink* Event.

For the last 9 years *Pretty In Pink* featured a night of Art and Awareness showcasing Art, Bras, and Accessories donated for the cause. For our 10th year anniversary the event will still be a Ladies Only Cocktail Party, but now we will have designer purses and art for auction, as well as raffles and giveaways, all in support of cancer.

Total raised since 2012 \$117,310.00

Proceeds Support Cancer Care at MCHS Wausau and Weston Centers, including:

New technology and equipment

- New and updated space at Weston Center with larger waiting room and views of Rib Mountain
- More infusion chairs so more privacy and no doubling up in rooms.

Oncology navigators

- Guiding patients through their cancer journey through integrated care
- All staff in one location for more accessibility for patients

Support Programs:

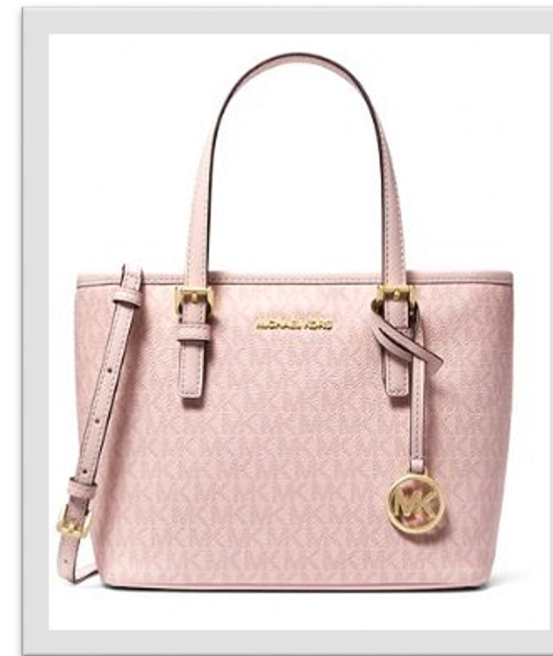

- *Women Living with Hope Breast Cancer Support Group:*
- Emotional support and wellness education to assist in reducing anxiety, depression, and improving the quality of life in cancer patients.
- Sessions included relaxation, art and music therapy, nutrition, physical activity, journaling and mindfulness.

Survivorship Program:

- *Women's Day of Caring:* A free daylong event that provides tools needed to move forward after breast cancer and empower life-long wellness through fellowship and emotional support, physical well-being, diet and nutrition, along with community outreach & involvement.

Educational Materials and Supplies:

- Library resources on wellness, treatment, support, nutrition and survivorship and special Library space right in the waiting room.
- Creating boutique space to house wigs, hats, and other supplies
